Dual-function control one lever controls throttle and shift. For nearly any engine

#### **FEATURES**

- All controls include start in gear protection
- Designed for use with both 3300/33C universal and OEM shift and throttle cable connections
- Suitable for most single engine/single station combinations
- Can be used in dual station boats with the DS unit
- Optional neutral interlock available
- Trim & Tilt options available
- Drag adjustment on all models
- Easy installation and set up
- Neutral "warm up" button for throttle only operation
- Designed and assembled in the USA

Issue Date - Oct 2016 Issue Number - mcda4

The ergonomics and features of our Xtreme controls are advanced beyond those of any other control on the market.

A shapely, balanced handle design provides an incredibly smooth yet positive feel. Neutral throttle warm-up, start-in-gear protection features are standard on all Xtreme models, with neutral interlock and power trim/tilt offered as an option. In addition the cosmetics of these controls can be configured to many tastes.

Xtreme controls are suitable for use with both 3300/33C universal or OEM type control cables without the need for additional adaptors.
